O R D E R

On April 1, 1999, BellSouth Telecommunications, Inc. ("BellSouth") and Tipton Construction Company of Texas, Inc. d/b/a Advanced Communicating Techniques ("Tipton") submitted to the Commission their negotiated agreement for resale of BellSouth's services to end-users. On April 19, 1999, BellSouth and Tipton submitted to the Commission an amendment to their resale agreement. The agreement was negotiated pursuant to the Telecommunications Act of 1996 ("1996 Act"), 47 U.S.C. Sections 251 and 252. Section 252(e) of the 1996 Act requires the parties to an interconnection agreement adopted by negotiation to submit the agreement for approval to the Commission.

The Commission has reviewed the agreement and amendment and finds that no portion thereof discriminates against a telecommunications carrier not a party to the agreement. The Commission also finds that the implementation of this agreement and amendment is consistent with the public interest, convenience, and necessity.

Tipton must comply with all relevant Commission mandates for serving in this Commonwealth.

The Commission, having been otherwise sufficiently advised, HEREBY ORDERS that:

1. The negotiated agreement and amendment between BellSouth and Tipton are approved:

2. Tipton shall file a tariff for local service prior to providing local service giving 30 days' notice to the Commission and shall comply with all Commission regulations and orders as directed.

Done at Frankfort, Kentucky, this 3rd day of June, 1999.

APPLICABLE DISCOUNTS

The telecommunications services available for purchase by Reseller for the purposes of resale to Reseller end users shall be available at the following discount off of the retail rate.

DISCOUNT*			
STATE	RESIDENCE	BUSINESS	CSAs***
ALABAMA	16.3%	16.3%	
FLORIDA	21.83%	16.81%	
GEORGIA	20.3%	17.3%	
KENTUCKY	16.79%	15.54%	
LOUISIANA	20.72%	20.72%	
MISSISSIPPI	15.75%	15.75%	
NORTH CAROLINA	21.5%	17.6%	
SOUTH CAROLINA	14.8%	14.8%	8.98%
TENNESSEE**	16%	16%	

- When a CLEC provides Resale service in a cross boundary area (areas that are part of the local serving area of another state's exchange) the rates, regulations and discounts for the tariffing state will apply. Billing will be from the serving state.

** In Tennessee, if CLEC provides its own operator services and directory services, the discount shall be 21.56%. CLEC must provide written notification to BellSouth within 30 days prior to providing its own operator services and directory services to qualify for the higher discount rate of 21.56%.

*** Unless noted in this column, the discount for Business will be the applicable discount rate for CSAs.

OPERATIONAL SUPPORT SYSTEMS (OSS) RATES

The parties agree that Electronic Interface (EI) costs and manual work done by the LCSC will be recovered on a "per LSR" basis, with an individual LSR identified by its Purchase Order Number (PON). The CLEC will be assessed either the manual or mechanized charge for most accepted LSRs submitted to BellSouth. Manually submitted UNE LSRs will not incur the manual LSR charge in states that have a separate UNE manual additive. CLECs will be charged the manual rate for most LSRs submitted by mail, courier, fax, etc. CLECs will be charged the mechanized rate for LSRs submitted over any of the mechanized systems (e.g. LENS, EDI, EDI-PC, and TAG).

- A. Bill a single mechanized CLEC EI charge for each resale LSR delivered over an electronic interface. This charge recovers the development and expense costs associated with the CLEC EIs that are allocated to resale LSR volumes, as well as the manual processing associated with mechanized requests that "fall out" in the LCSC for manual handling.
- B. Bill the same mechanized CLEC EI charge for each UNE LSR delivered over an electronic interface.
- C. Bill a single manual LSR charge for each resale LSR delivered manually that reflects the costs associated with the manual processing of those LSRs in the LCSC.
- D. Bill the same manual LSR charge for each manually submitted UNE LSR in those states that do not have a per element UNE non-recurring manual additive.
- E. Establish a transitional plan to bill the mechanized LSR charge for manual LSRs for CLECs who submit a significant proportion of their total LSR volume on a mechanized basis. This volume threshold will increase each year and be eliminated in 2002. This arrangement may be superceded by BellSouth with an LSR-specific process that would apply the mechanized LSR rate to only those manual LSRs which cannot be submitted over a mechanized system.

The regional average pricing plan establishes averaged prices that are the same regardless of:

- CLEC EI system used
- Action being requested on the LSR (order, change, deny, restore, cancel, disconnect, etc.)
- Number of supplements or clarifications received
- Number of service orders result from the LSR

Some CLECs presently provide lists of customers to be denied and restored, rather than individual LSRs. However, since each location on the list must have a separate PON, they will be billed as separate manual LSRs. A CLEC will be charged for an accepted LSR that is later canceled by the CLEC.

At the present time, five states (AL, GA, LA, MS, SC) have a manual NRC additive per element for UNEs. This manual additive supercedes the manual LSR charge for manual UNE LSRs. Until the other four states adopt this methodology, BellSouth proposes that the manual LSR charge apply for manual UNE LSRs in those states.

RESALE

OPERATIONAL SUPPORT SYSTEMS (OSS) RATES	<u>Electronic</u> Per LSR received from the CLEC by one of the OSS interactive interfaces	<u>Manual</u> Per LSR received from the CLEC by means other than one of the OSS interactive interfaces
OSS Order Charge	\$3.50	\$19.99

In addition to the OSS charges, applicable discounted service order and related discounted charges apply per the tariff.

The Parties agree that Advanced Communicating Techniques will incur the mechanized rate for all LSRs, both mechanized and manual, if the percentage of mechanized LSRs to total LSRs exceeds the threshold percentages shown below:

Year	Ratio: Mechanized/Total LSRs
1999	70%
2000	80%
2001	90%

The threshold plan will be discontinued in 2002.

BellSouth will track the total LSR volume for each CLEC for each quarter. At the end of that time period, a Percent Electronic LSR calculation will be made for that quarter based on the LSR data tracked in the LCSC. If this percentage exceeds the threshold volume, all of that CLECs' future manual LSRs will be billed at the mechanized LSR rate. To allow time for obtaining and analyzing the data and updating the billing system, this billing change will take place on the first day of the second month following the end of the quarter (e.g. May 1 for 1Q, Aug 1 for 2Q, etc.). There will be no adjustments to the amount billed for previously billed LSRs.

The Parties agree that any charges BellSouth is unable to bill on April 15, 1999 will be trued up on or about July 1, 1999.

Re: *Case 99-129* Approval of the Resale Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and Tipton Construction Company of Texas, Inc. d/b/a Advanced Communicating Techniques, pursuant to Sections 251 and 252 of the Telecommunications Act of 1996

Dear Helen:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Tipton Construction Company of Texas, Inc. d/b/a Advanced Communicating Techniques are submitting to the Kentucky Public Service Commission their negotiated agreement for the purchase of BellSouth's telecommunications services for the purpose of resale to end users by Tipton Construction Company of Texas, Inc. d/b/a Advanced Communicating Techniques.

Six copies of the agreement and eight copies of the transmittal letter are filed. The two extra copies of the letter are provided for Amanda Hale and Becky Dotson.

Please add the following to the service list for this matter: Creighton E. Mershon, Sr., BellSouth Telecommunications, Inc., P. O. Box 32410, Louisville, KY 40232; BellSouth Telecommunications, Inc., CLEC Account Team, 9th Floor, 600 N. 19th Street, Birmingham, AL 35203; and Tipton Construction Company of Texas, Inc. d/b/a Advanced Communicating Techniques, Attn: Chuck Williams, 6794 Piccadilly, Houston, Texas 77061.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and Tipton Construction Company of Texas, Inc. d/b/a Advanced Communicating Techniques within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, are very hopeful that the Commission shall approve their agreement.

Sincerely,

Creighton E. Mershon, Sr.

WITNESSETH

WHEREAS, BellSouth is a local exchange telecommunications company authorized to provide telecommunications services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee; and

IV. BellSouth's Provision of Services to Reseller

A. Reseller agrees that its resale of BellSouth services shall be as follows:

1. The resale of telecommunications services shall be limited to users and uses conforming to the class of service restrictions.
2. To the extent Reseller is a telecommunications carrier that serves greater than 5 percent of the Nation's presubscribed access lines, Reseller shall not jointly market its interLATA services with the telecommunications services purchased from BellSouth pursuant to this Agreement in any of the states covered under this Agreement. For the purposes of this subsection, to jointly market means any advertisement, marketing effort or billing in which the telecommunications services purchased from BellSouth for purposes of resale to customers and interLATA services offered by Reseller are packaged, tied, bundled, discounted or offered together in any way to the end user. Such efforts include, but are not limited to, sales referrals, resale arrangements, sales agencies or billing agreements. This subsection shall be void and of no effect for a particular state covered under this Agreement as of February 8, 1999 or on the date BellSouth is authorized to offer interLATA services in that state, whichever is earlier.
3. Hotel and Hospital PBX services are the only telecommunications services available for resale to Hotel/Motel and Hospital end users, respectively. Similarly, Access Line Service for Customer Provided Coin Telephones is the only local service available for resale to Independent Payphone Provider (IPP) customers. Shared Tenant Service customers can only be sold those telecommunications services available in the Company's A23 Shared Tenant Service Tariff for the states of Florida, Georgia, North Carolina and South Carolina and in the Company's A27 Shared Tenant Service Tariff for the states of Alabama, Kentucky, Louisiana, Mississippi and Tennessee.
4. Reseller is prohibited from furnishing both flat and measured rate service on the same business premises to the same subscribers (end users) as stated in A2 of the Company's Tariff except for backup service as indicated in the applicable state tariff Section A3.
5. If telephone service is established and it is subsequently determined that the class of service restriction has been violated, Reseller will be notified and billing for that service will be immediately changed to the appropriate class of service. Service charges for changes between class of service, back billing, and interest as described in this subsection shall apply at the Company's sole discretion. Interest at a rate as set forth in Section A2 of the General Subscriber Services Tariff and Section B2 of the Private Line Service Tariff for the applicable state, compounded daily for the number of days from the back billing date up to and including the date that Reseller actually makes the payment to the Company, may be assessed.
6. The Company reserves the right to periodically audit services purchased by Reseller to establish authenticity of use. Such audit shall not occur more than once in a calendar year. Reseller shall make any and all records and data available to the Company or the Company's auditors on a reasonable basis. The Company shall bear the cost of said audit.

B. Resold services can only be used in the same manner as specified in the Company's Tariff. Resold services are subject to the same terms and conditions as are specified for such services when furnished to an individual end user of the Company in the appropriate section of the Company's Tariffs. Specific tariff features, e.g., a usage allowance per month, shall not be aggregated across multiple resold services. Resold services cannot be used to aggregate traffic from more than one end user customer except as specified in Section A23. (A27 in the states of Alabama, Kentucky, Louisiana, Mississippi, and Tennessee) of the Company's Tariff referring to Shared Tenant Service.

C. Reseller may resell services only within the specific resale service area as defined in its certificate.

- D. Telephone numbers transmitted via any resold service feature are intended solely for the use of the end user of the feature. Resale of this information is prohibited.
- E. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. Reseller is strictly prohibited from any use, including but not limited to sales, marketing or advertising, of any BellSouth name or trademark.

V. Maintenance of Services

- A. Reseller will adopt and adhere to the standards contained in the applicable BellSouth Work Center Interface Agreement regarding maintenance and installation of service.
- B. Services resold under the Company's Tariffs and facilities and equipment provided by the Company shall be maintained by the Company.
- C. Reseller or its end users may not rearrange, move, disconnect, remove or attempt to repair any facilities owned by the Company, other than by connection or disconnection to any interface means used, except with the written consent of the Company.
- D. Reseller accepts responsibility to notify the Company of situations that arise that may result in a service problem.
- E. Reseller will be the Company's single point of contact for all repair calls on behalf of Reseller's end users. The parties agree to provide one another with toll-free contact numbers for such purposes.
- F. Reseller will contact the appropriate repair centers in accordance with procedures established by the Company.
- G. For all repair requests, Reseller accepts responsibility for adhering to the Company's prescreening guidelines prior to referring the trouble to the Company.
- H. The Company will bill Reseller for handling troubles that are found not to be in the Company's network pursuant to its standard time and material charges. The standard time and material charges will be no more than what BellSouth charges to its retail customers for the same services.
- I. The Company reserves the right to contact Reseller's customers, if deemed necessary, for maintenance purposes.

VI. Establishment of Service

- A. After receiving certification as a local exchange company from the appropriate regulatory agency, Reseller will provide the appropriate Company service center the necessary documentation to enable the Company to establish a master account for Reseller. Such documentation shall include the Application for Master Account, proof of authority to provide telecommunications services, an Operating Company Number ("OCN") assigned by the National Exchange Carriers Association ("NECA") and a tax exemption certificate, if applicable. When necessary deposit requirements are met, the Company will begin taking orders for the resale of service.
- B. Service orders will be in a standard format designated by the Company.
- C. When notification is received from Reseller that a current customer of the Company will subscribe to Reseller's service, standard service order intervals for the appropriate class of service will apply.

- D. The Company will not require end-user confirmation prior to establishing service for Reseller's end-user customer. Reseller must, however, be able to demonstrate end-user authorization upon request.
- E. Reseller will be the single point of contact with the Company for all subsequent ordering activity resulting in additions or changes to resold services except that the Company will accept a request directly from the end user for conversion of the end user's service from Reseller to the Company or will accept a request from another CLEC for conversion of the end user's service from Reseller to the other LEC. The Company will notify Reseller that such a request has been processed.
- F. If the Company determines that an unauthorized change in local service to Reseller has occurred, the Company will reestablish service with the appropriate local service provider and will assess Reseller as the CLEC initiating the unauthorized change, the unauthorized change charge described in F.C.C. Tariff No. 1, Section 13 or applicable state tariff. Appropriate nonrecurring charges, as set forth in Section A4. of the General Subscriber Services Tariff, will also be assessed to Reseller. These charges can be adjusted if Reseller provides satisfactory proof of authorization.
- G. In order to safeguard its interest, the Company reserves the right to secure the account with a suitable form of security deposit, unless satisfactory credit has already been established.
 - 1. Such security deposit shall take the form of an irrevocable Letter of Credit or other forms of security acceptable to the Company. Any such security deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service.
 - 2. If a security deposit is required, such security deposit shall be made prior to the inauguration of service.
 - 3. Such security deposit may not exceed two months' estimated billing.
 - 4. The fact that a security deposit has been made in no way relieves Reseller from complying with the Company's regulations as to advance payments and the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of the Company providing for the discontinuance of service for non-payment of any sums due the Company.
 - 5. The Company reserves the right to increase the security deposit requirements when, in its sole judgment, circumstances so warrant and/or gross monthly billing has increased beyond the level initially used to determine the security deposit.
 - 6. In the event that Reseller defaults on its account, service to Reseller will be terminated and any security deposits held will be applied to its account.
 - 7. Interest on a security deposit shall accrue and be refunded in accordance with the terms in the appropriate BellSouth tariff.

VII. Payment And Billing Arrangements

- A. Prior to submitting orders to the Company for local service, a master account must be established for Reseller. The Reseller is required to provide the following before a master account is established: proof of PSC/PUC certification, the Application for Master Account, an Operating Company Number ("OCN") assigned by the National Exchange Carriers Association ("NECA") and a tax exemption certificate, if applicable.
- B. The Company shall bill Reseller on a current basis all applicable charges and credits.

- C. Payment of all charges will be the responsibility of Reseller. Reseller shall make payment to the Company for all services billed. The Company is not responsible for payments not received by Reseller from Reseller's customer. The Company will not become involved in billing disputes that may arise between Reseller and its customer. Payments made to the Company as payment on account will be credited to an accounts receivable master account and not to an end user's account.
- D. The Company will render bills each month on established bill days for each of Reseller's accounts.
- E. The Company will bill Reseller, in advance, charges for all services to be provided during the ensuing billing period except charges associated with service usage, which charges will be billed in arrears. Charges will be calculated on an individual end user account level, including, if applicable, any charges for usage or usage allowances. BellSouth will also bill all charges, including but not limited to 911 and E911 charges, telecommunications relay charges, and franchise fees, to Reseller.
- F. The payment will be due by the next bill date (i.e., same date in the following month as the bill date) and is payable in immediately available funds. Payment is considered to have been made when received by the Company.
1. If the payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday day following such Sunday or Holiday. If the payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday day preceding such Saturday or Holiday. If payment is not received by the payment due date, a late payment penalty, as set forth in I. following, shall apply.
 2. If Reseller requests multiple billing media or additional copies of bills, the Company will provide these at an appropriate charge to Reseller.

G. Billing Disputes

1. Each Party agrees to notify the other Party upon the discovery of a billing dispute. In the event of a billing dispute, the Parties will endeavor to resolve the dispute within sixty (60) calendar days of the Bill Date on which such disputed charges appear. Resolution of the dispute is expected to occur at the first level of management resulting in a recommendation for settlement of the dispute and closure of a specific billing period. If the issues are not resolved within the allotted time frame, the following resolution procedure will begin:
 - 1.1 If the dispute is not resolved within sixty (60) days of the Bill Date, the dispute will be escalated to the second level of management for each of the respective Parties for resolution. If the dispute is not resolved within ninety (90) days of the Bill Date, the dispute will be escalated to the third level of management for each of the respective Parties for resolution.
 - 1.2. If the dispute is not resolved within one hundred and twenty (120) days of the Bill Date, the dispute will be escalated to the fourth level of management for each of the respective Parties for resolution.
2. If a Party disputes a charge and does not pay such charge by the payment due date, such charges shall be subject to late payment charges as set forth in the Late Payment Charges provision of this Attachment. If a Party disputes charges and the dispute is resolved in favor of such Party, the other Party shall credit the bill of the disputing Party for the amount of the disputed charges along with any late payment charges assessed no later than the second Bill Date after the resolution of the dispute. Accordingly, if a Party disputes charges and the dispute is resolved in favor of the other Party, the disputing Party shall pay the other Party the amount of the disputed charges and any associated late payment charges assessed no later than the second bill payment due date after the resolution of the dispute. BellSouth shall only assess

interest on previously assessed late payment charges in a state where it has authority pursuant to its tariffs.

- H. Upon proof of tax exempt certification from Reseller, the total amount billed to Reseller will not include any taxes due from the end user to reflect the tax exempt certification and local tax laws. Reseller will be solely responsible for the computation, tracking, reporting, and payment of taxes applicable to Reseller's end user.
- I. As the customer of record, Reseller will be responsible for, and remit to the Company, all charges applicable to its resold services for emergency services (E911 and 911) and Telecommunications Relay Service (TRS) as well as any other charges of a similar nature.
- J. If any portion of the payment is received by the Company after the payment due date as set forth preceding, or if any portion of the payment is received by the Company in funds that are not immediately available to the Company, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the payment due date times a late factor. The late factor shall be as set forth in Section A2 of the General Subscriber Services Tariff and Section B2 of the Private Line Service Tariff.
- K. Any switched access charges associated with interexchange carrier access to the resold local exchange lines will be billed by, and due to, the Company. No additional charges are to be assessed to Reseller.
- L. The Company will not perform billing and collection services for Reseller as a result of the execution of this Agreement. Requests by the Reseller for assistance with billing services should be referred to the appropriate entity or operational group within the Company.
- M. Pursuant to 47 CFR Section 51.617, the Company will bill Reseller end-user common line charges identical to the end-user common line charges the Company bills its end-users.
- N. In general, the Company will not become involved in disputes between Reseller and Reseller's end-user customers over resold services. If a dispute does arise that cannot be settled without the involvement of the Company, Reseller shall contact the designated Service Center for resolution. The Company will make every effort to assist in the resolution of the dispute and will work with Reseller to resolve the matter in as timely a manner as possible. Reseller may be required to submit documentation to substantiate the claim.

VIII. Discontinuance of Service

- A. The procedures for discontinuing service to an end user are as follows:
 - 1. Where possible, the Company will deny service to Reseller's end user on behalf of, and at the request of, Reseller. Upon restoration of the end user's service, restoral charges will apply and will be the responsibility of Reseller.
 - 2. At the request of Reseller, the Company will disconnect a Reseller end-user customer.
 - 3. All requests by Reseller for denial or disconnection of an end user for nonpayment must be in writing.
 - 4. Reseller will be made solely responsible for notifying the end-user of the proposed disconnection of the service.

5. The Company will continue to process calls made to the Annoyance Call Center and will advise Reseller when it is determined that annoyance calls are originated from one of its end user's locations. The Company shall be indemnified, defended and held harmless by Reseller and/or the end user against any claim, loss or damage arising from providing this information to Reseller. It is the responsibility of Reseller to take the corrective action necessary with its customers who make annoying calls. Failure to do so will result in the Company's disconnecting the end user's service.
6. BellSouth may disconnect and reuse facilities when the facility is in a denied state and BellSouth has received an order to establish new service or transfer of service from a customer or customer's CLEC at the same address serviced by the denied facility.

B. The procedures for discontinuing service to Reseller are as follows:

1. The Company reserves the right to suspend or terminate service for nonpayment or in the event of prohibited, unlawful or improper use of the facilities or service, abuse of the facilities, or any other violation or noncompliance by Reseller of the rules and regulations of the Company's Tariffs.
2. If payment of account is not received by the bill day in the month after the original bill day, BellSouth may provide written notice to Reseller that additional applications for service will be refused and that any pending orders for service will not be completed if payment is not received by the fifteenth day following the date of the notice. In addition BellSouth may, at the same time, give thirty days notice to the person designated by Reseller to receive notices of noncompliance, and discontinue the provision of existing services to Reseller at any time thereafter.
3. In the case of such discontinuance, all billed charges, as well as applicable termination charges, shall become due.
4. If BellSouth does not discontinue the provision of the services involved on the date specified in the thirty days' notice and Reseller's noncompliance continues, nothing contained herein shall preclude BellSouth's right to discontinue the provision of the services to Reseller without further notice.
5. If payment is not received or arrangements made for payment by the date given in the written notification, Reseller's services will be discontinued. Upon discontinuance of service on a Reseller's account, service to Reseller's end users will be denied. The Company will also reestablish service at the request of the end user or Reseller upon payment of the appropriate connection fee and subject to the Company's normal application procedures. Reseller is solely responsible for notifying the end user of the proposed disconnection of the service.
6. If within fifteen days after an end user's service has been denied no contact has been made in reference to restoring service, the end user's service will be disconnected.

IX. Liability

- A. The liability of the Company for damages arising out of mistakes, omissions, interruptions, preemptions, delays, errors or defects in transmission, or failures or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of Reseller, or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to Reseller for the period of service during which such mistake, omission, interruption, preemption, delay, error or defect in transmission or defect or failure in facilities occur. The Company shall not be liable for damage arising out of mistakes, omissions, interruptions, preemptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of the Company, (1) caused by customer-provided equipment (except

where a contributing cause is the malfunctioning of a Company-provided connecting arrangement, in which event the liability of the Company shall not exceed an amount equal to a proportional amount of the Company billing for the period of service during which such mistake, omission, interruption, preemption, delay, error, defect in transmission or injury occurs), or (2) not prevented by customer-provided equipment but which would have been prevented had Company-provided equipment been used.

- B. The Company shall be indemnified and saved harmless by Reseller against any and all claims, actions, causes of action, damages, liabilities, or demands (including the costs, expenses and reasonable attorney fees, on account thereof) of whatever kind or nature that may be made by any third party as a result of the Company's furnishing of service to Reseller.
- C. The Company shall be indemnified, defended and held harmless by Reseller and/or the end user against any claim, loss or damage arising from the use of services offered for resale involving:
 - 1. Claims for libel, slander, invasion of privacy or infringement of copyright arising from Reseller's or end user's own communications.
 - 2. Claims for patent infringement arising from acts combining or using Company services in connection with facilities or equipment furnished by the end user or Reseller.
 - 3. All other claims arising out of an act or omission of Reseller or its end user in the course of using services.
- D. Reseller accepts responsibility for providing access for maintenance purposes of any service resold under the provisions of this Tariff. The Company shall not be responsible for any failure on the part of Reseller with respect to any end user of Reseller.

- B. XIII. Waivers

A failure or delay of either Party to enforce any of the provisions hereof, to exercise any option which is herein provided, or to require performance of any of the provisions hereof shall in no way be construed to be a waiver of such provisions or options, and each Party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement.

XIV. Governing Law

This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Georgia, without regard to its conflict of laws principles.
